

About Thread Den

i

Thread Den is a unique concept in Australia, combining a retail space with a sewing lounge. More than just a store, Thread Den is a social hub for sewing enthusiasts and a platform for aspiring designers. Our Sewing Lounge is equipped with sewing machines and overlockers for hire, and Thread Den runs an extensive range of short sewing courses for beginners to the advanced. Thread Den is also a place for lovers of original and vintage fashion, stocking a growing range of local designers as well as a treasure trove of vintage garments.

Sewing Classes at Thread Den

Sewing classes at Thread Den cater to all skill levels, so whether you are a beginner sewer learning to thread a bobbin for the first time, or if you are a more experienced sewer looking to expand on your existing skills, we have a class to suit your needs. Our classes are facilitated by local designers and craftspeople

working in the fashion and textile industries, and we always deliver classes in a relaxed, social style. Many participants leave our classes having made new friends and connections, as well as picking up new skills.

At Thread Den we're aware that modern ladies and gents are short of time, and cater our courses to this. Classes are broken down into single lessons or short courses (usually no more than 3 sessions) to lessen the time commitment.

For bookings please phone Thread Den or visit us in-store.

And don't forget:

All sewing classes booked receive 2 hours of free drop-in sewing machine time in our North Melbourne sewing lounge and selected open sewing sessions in Fitzroy. Contact us for further details.
